MESSAGE

I am pleased to learn that India International Textile Machinery Exhibitions Society (India ITME Society) is organizing its 11th edition of International Textile Machinery Exhibition (India ITME 2022) from 8th to 13th December 2022 in Greater Noida.

11th edition of this mega event hosted in India plays a key role in strengthening the textile industry of our nation. India has the potential to be a sourcing hub for textile technology and textile engineering. The influence of this event is spread far and wide to Africa and our immediate neighboring countries. It is an excellent time and opportunity for Indian Textile and Textile engineering industry to project itself as an alternate and friendly sourcing /investment partner with focus on "Make in India".

I welcome the Indian and International exhibitors from several countries at 11TH edition of India ITME 2022.

I congratulate and compliment the organizers, exhibitors and wish them a very successful business event.

(U.P. Singh)
